

Pacer 14 UE/18 UE

14 and 18-inch Dual-Motor
Upright Vacuums

For quick, effective carpet vacuuming, the Pacer 14 UE and Pacer 18 UE combine cleaning power and ease of operation to make them the ideal choice in two-motor uprights.

- One motor for suction power and a second motor to drive the brush for the most effective cleaning performance.
- Ergonomic design features reduce operator fatigue.
 - Enclosed ergonomic handle allows a relaxed grip.
 - Large built-in carrying handle makes transport easy.
- 3-stage filtration system enhances IAQ.
 - Poly-lined two-ply paper filter bag contains the vacuumed dirt.
 - Stage-two motor filter provides added filtration in the event of a tear in the filter bag.
 - HEPA exhaust filter traps additional particles and carbon brush dust created by the vacuum motor.
- Brush motor shuts off when the wand is in use for detail cleaning, protecting the carpet from brush burn.
- Removable suction tube makes clearing clogs simple.
